ESTABLISHING CALVERTON SEWER RENT
PURSUANT TO TOWN CODE SECTION 89-46
CALVERTON SEWER DISTRICT

Adopted 11/20/01RESOLUTION # 1189

COUNCILPERSON Densieski offered the following
resolution which was seconded by COUNCILPERSON Kent,

WHEREAS, Town Code Section 89-43 establishes sewer rents, the revenues from which shall be used for the payment of the cost of management, maintenance, operation, and repair of the sanitary sewer systems, including treatment and disposal works, and

WHEREAS, Town Code Section 89-45 provides that such rent shall be computed based upon metered water consumption during the four quarterly periods preceding June 30th, and

WHEREAS, the change over from unmetered water provided by the former Grumman wells and pipes to metered water provided by the Riverhead Water District was not completed until after June 30, 2001, and therefore, such metered readings for the preceding year are not available to set such sewer rent, and

WHEREAS, Town Code Section 89-46 provides that in such case where real property is not supplied by metered water provided by the Riverhead Water District, but such buildings are connected to the Calverton Sewer System, the Town Board of the Town of Riverhead shall fix and determine the sewer rent charge upon an equitable basis to be determined by the Board,

NOW, THEREFORE, BE IT

RESOLVED, that pursuant to Town Code Section 89-46 the Town Board of the Town of Riverhead hereby establishes sewer rents for buildings connected to the Calverton Sewer District as set forth in the attached Exhibit A. This calculation is based upon the actual metered consumption during the period of October 17, 2001, through November 19, 2001, which consumption has been used to determine the pro-rata share of the users listed for the overall sewer rent for the fiscal year 2002 in the amount of \$119,000, such total sewer rent being the amount budgeted for the operation and maintenance of the Calverton Sewer District for the fiscal year 2002, and be it further
